

Vern Sargent's 2' x 3' Southern Indiana Layout

Track plan and article printed in the March/April 2004 issue (volume 10#2) of Ztrack Magazine. Six images of the layout are included in the article. The layout is a 2' x 3' layout with a winding single line main. The layout offers interesting sidings and areas for scenery and detailed scenes. At this time, this track plan can only be done with Märklin sectional track.
